ABOUT THIS PUBLICATION

The authenticated pdf of the *Administrative Register* (A.A.R.) posted on the Arizona Secretary of State's website is the official published version for rulemaking activity in the state of Arizona.

Rulemaking is defined in Arizona Revised Statutes known as the Arizona Administrative Procedure Act (APA), A.R.S. Title 41, Chapter 6, Articles 1 through 10.

The *Register* is cited by volume and page number. Volumes are published by calendar year with issues published weekly. Page numbering continues in each weekly issue.

In addition, the *Register* contains notices of rules terminated by the agency and rules that have expired.

ABOUT RULES

Rules can be: made (all new text); amended (rules on file, changing text); repealed (removing text); or renumbered (moving rules to a different Section number). Rulemaking activity published in the *Register* includes: proposed, final, emergency, expedited, and exempt rules as defined in the APA, and other state statutes.

New rules in this publication (whether proposed or made) are denoted with underlining; repealed text is stricken.

WHERE IS A "CLEAN" COPY OF THE FINAL OR EXEMPT RULE PUBLISHED IN THE REGISTER?

The *Arizona Administrative Code* (A.A.C.) contains the codified text of rules. The A.A.C. contains rules promulgated and filed by state agencies that have been approved by the Attorney General or the Governor's Regulatory Review Council. The *Code* also contains rules exempt from the rulemaking process.

The authenticated pdf of *Code* chapters posted on the Arizona Secretary of State's website are the official published version of rules in the A.A.C. The *Code* is posted online for free.

LEGAL CITATIONS AND FILING NUMBERS

On the cover: Each agency is assigned a Chapter in the *Arizona Administrative Code* under a specific Title. Titles represent broad subject areas. The Title number is listed first; with the acronym A.A.C., which stands for the *Arizona Administrative Code*; following the Chapter number and Agency name, then program name. For example, the Secretary of State has rules on rulemaking in Title 1, Chapter 1 of the *Arizona Administrative Code*. The citation for this chapter is 1 A.A.C. 1, Secretary of State, Rules and Rulemaking

Every document filed in the office is assigned a file number. This number, enclosed in brackets, is located at the top right of the published documents in the *Register*. The original filed document is available for 10 cents a page.

Participate in the Process

Look for the Agency Notice

Review (inspect) notices published in the *Arizona Administrative Register*. Many agencies maintain stakeholder lists and would be glad to inform you when they proposed changes to rules. Check an agency's website and its newsletters for news about notices and meetings.

Feel like a change should be made to a rule and an agency has not proposed changes? You can petition an agency to make, amend, or repeal a rule. The agency must respond to the petition. (See A.R.S. § 41-1033)

Attend a public hearing/meeting

Attend a public meeting that is being conducted by the agency on a Notice of Proposed Rulemaking. Public meetings may be listed in the Preamble of a Notice of Proposed Rulemaking or they may be published separately in the *Register*. Be prepared to speak, attend the meeting, and make an oral comment.

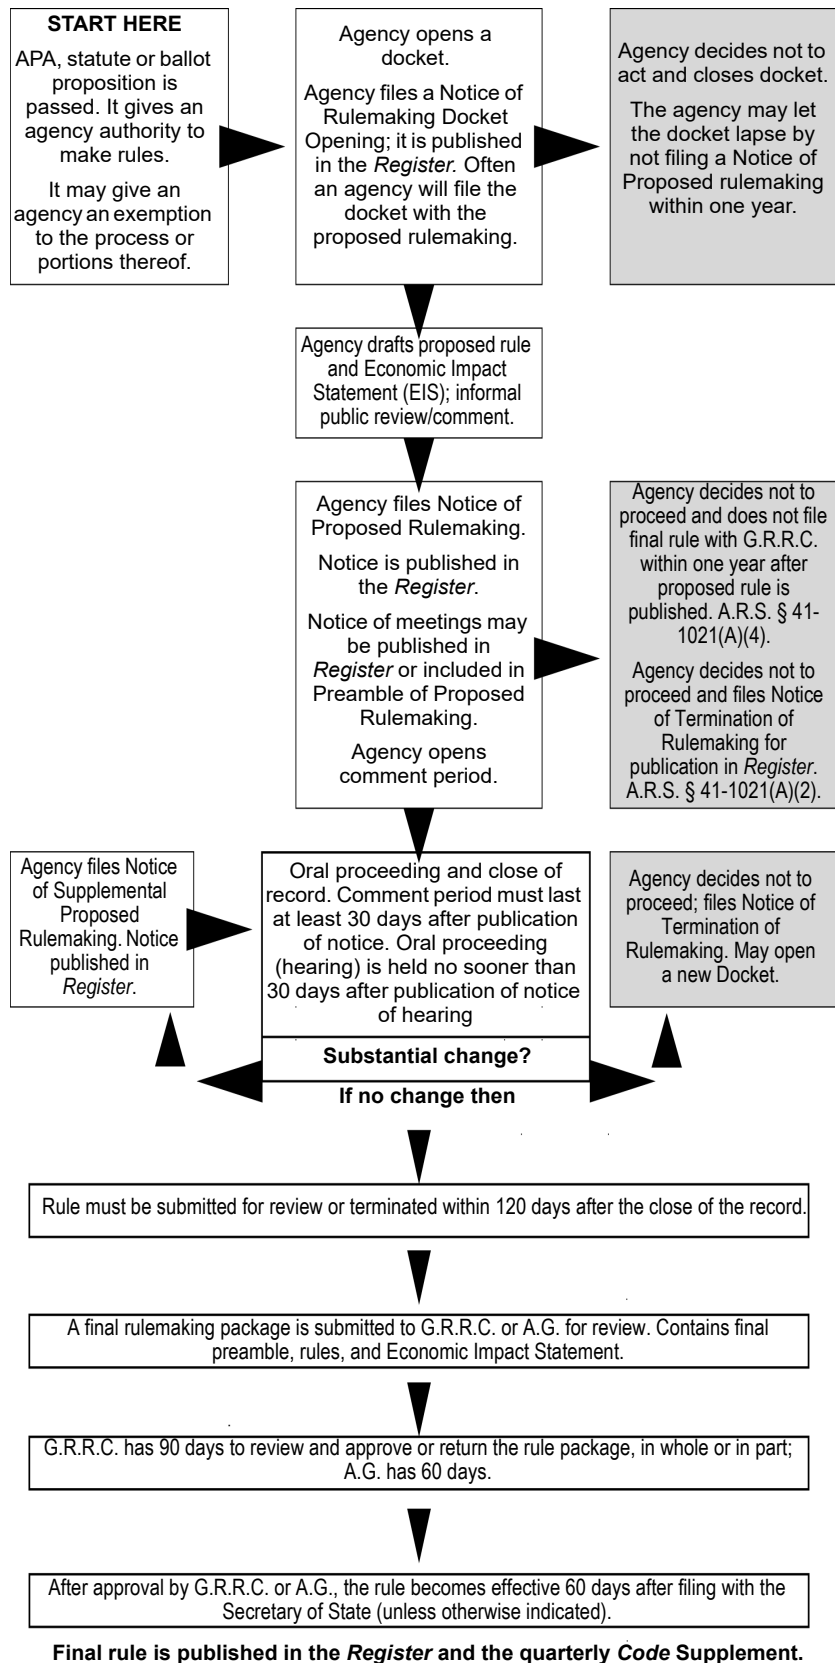

An agency may not have a public meeting scheduled on the Notice of Proposed Rulemaking. If not, you may request that the agency schedule a proceeding. This request must be put in writing within 30 days after the published Notice of Proposed Rulemaking.

Write the agency

Put your comments in writing to the agency. In order for the agency to consider your comments, the agency must receive them by the close of record. The comment must be received within the 30-day comment timeframe following the *Register* publication of the Notice of Proposed Rulemaking.

You can also submit to the Governor's Regulatory Review Council written comments that are relevant to the Council's power to review a given rule (A.R.S. § 41-1052). The Council reviews the rule at the end of the rulemaking process and before the rules are filed with the Secretary of State.

They are compiled by Legislative Council, with the official publication codified by Thomson West. Citations to statutes include Titles which represent broad subject areas. The Title number is followed by the Section number. For example, A.R.S. § 41-1001 is the definitions Section of Title 41 of the Arizona Administrative Procedures Act. The "§" symbol simply means "section." Available online at www.azleg.gov.

Chapter: A division in the codification of the *Code* designating a state agency or, for a large agency, a major program.

The EIS is not published in the *Register* but is available from the agency promulgating the rule. The EIS is also filed with the rulemaking package.

Governor's Regulatory Review (G.R.R.C.): Reviews and approves rules to ensure that they are necessary and to avoid unnecessary duplication and adverse impact on the public. G.R.R.C. also assesses whether the rules are clear, concise, understandable, legal, consistent with legislative intent, and whether the benefits of a rule outweigh the cost.

- 3. The effective date of the rule:**
 December 2, 2020
- a. If the agency selected a date earlier than the 60 day effective date as specified in A.R.S. § 41-1032(A), include the earlier date and state the reason or reasons the agency selected the earlier effective date as provided in A.R.S. § 41-1032(A)(1) through (5):**
 The Board seeks an immediate effective date related to protecting the public health, by providing nurses with earlier

access to temporary licenses so that they will be available to care for patients after they have submitted their fingerprints for background checks, but not requiring that the results be received prior to receiving a temporary license. (R4-19-304.) This amendment will provide a public health benefit, there is no penalty associated with the amendment, and this is less stringent than current rule requirements.

Similarly, the provisional advanced nursing program approval by Executive Director process, delineated in the proposed amendments to R4-19-503, will also provide for a public benefit by providing nursing education more efficiently, without a penalty, and in a less stringent manner than current rule.

The other proposed amendments are also intended to create public benefits without penalties, including expanding the scope of the clinical nurse specialist (“CNS”) to include prescribing, issuing prescribing permits to certified registered nurse anesthetists according to statutory authority, eliminating regulated parties’ requirements to submit paper documents, implementing statutory changes to licensee address submission requirements and categorization of CNS and certified nurse midwives, and some other, technical changes. None of the proposed changes add any penalties, or increase any costs.

Regarding public notice, the Secretary of State published the proposed rules in the register (see below), and the Board posted the proposed rules on its website and held an oral proceeding on August 18, 2020. No persons attended the oral proceeding, and no public comments have been submitted to the Board.

- b. If the agency selected a date later than the 60 day effective date as specified in A.R.S. § 41-1032(A), include the later date and state the reason or reasons the agency selected the later effective date as provided in A.R.S. § 41-1032(B):**

- 6. An agency’s justification and reason why a rule should be made, amended, repealed or renumbered, to include an explanation about the rulemaking:**

R4-19-101. Definitions

The Board approved amending this Section to include a definition of “advance practice registered nurse” for clarity throughout Arizona Administrative Code, Title 4, Chapter 19.

R4-19-102. Time-frames for Licensure, Certification, or Approval

The Board seeks to amend this section to align the references to address from the current “mailing address” to the new “address of record”, which is defined in and consistent with new legislation, codified in A.R.S. § 32-3226.

R4-19-207. New Programs, Proposal Approval; Provisional Approval

The Board seeks to amend this section to reduce burdens on regulated parties by eliminating the requirement for submission to the Board of paper copies of documents.

R4-19-208. Full Approval of a New Nursing Program

The Board seeks to amend this section to reduce burdens on regulated parties by eliminating the requirement for submission to the Board of paper copies of documents.

R4-19-209. Nursing Program Change

The Board seeks to amend this section to reduce burdens on regulated parties by eliminating the requirement for submission to the Board of paper copies of documents.

R4-19-210. Renewal of Approval of Nursing Programs Not Accredited by a National Nursing Accrediting Agency

The Board seeks to amend this section to reduce burdens on regulated parties by eliminating the requirement for submission to the Board of paper copies of documents.

R4-19-216. Approval of a Refresher Program

The Board seeks to amend this section to reduce burdens on regulated parties by eliminating the requirement for submission to the Board of paper copies of documents.

R4-19-301. Licensure by Examination

The Board seeks to amend this section to align the references to address from the current “mailing address” to the new “address of record”, which is defined in and consistent with new legislation, codified in A.R.S. § 32-3226.

R4-19-304. Temporary License

The Board seeks to amend this section to expedite processing temporary license applications to reduce regulatory burdens on

stakeholders. By maintaining the applicant's requirement to submit fingerprints, but reducing the requirement to receive the report back from law enforcement, which can sometimes cause delays, the Board maintains a balance of public protection and efficiency to stakeholders, so that they may begin work earlier.

R4-19-305. License Renewal

The Board seeks to amend this section to align the references to address from the current "mailing address" to the new "address of record", which is defined in and consistent with A.R.S. § 32-3226.

R4-19-308. Change of Name or Address

The Board seeks to amend this section to align the references to address from the current "mailing address" to the new "address of record", which is defined in and consistent with A.R.S. § 32-3226. The Board is requiring licensees and applicants to submit a residential address due to nurse licensure compact requirements for "primary state of residence", and because most licensees and applicants already submit residential addresses. The Board does not anticipate this will be an increased burden on its regulated parties.

R4-19-501. Roles and Population Foci of Advanced Practice Registered Nursing (APRN); Certification Programs

Adding certified nurse midwife (CNM) as a separate APRN category, rather than as a subcategory under registered nurse practitioner (RNP). Consistent with legislative changes to A.R.S. §§ 32-1601(5) and 32-1636(D).

R4-19-502. Requirements for APRN Programs

Adding certified nurse midwife (CNM) as a separate APRN category, rather than as a subcategory under registered nurse practitioner (RNP). Consistent with changes to A.R.S. §§ 32-1601(5) and 32-1636(D).

R4-19-503. Application for Approval of an Advanced Practice Registered Nursing Program; Approval by Board; Provisional Approval by Executive Director

Adding certified nurse midwife (CNM) as a separate APRN category, rather than as a subcategory under registered nurse practitioner (RNP). Consistent with changes to A.R.S. §§ 32-1601(5) and 32-1636(D).

Also, section (F) will permit the Executive Director to issue a provisional approval to APRN nursing programs, which is intended to reduce regulatory burdens by allowing APRN nursing programs that have submitted complete applications and appear to meet criteria to begin to operate in Arizona between Board meetings, rather than to necessarily wait for full Board approval.

R4-19-504. Notice of Deficiency; Unprofessional APRN Program Conduct

Amendment limited to title, clarification that programs included in this rules are "APRN" programs.

R4-19-505. Requirements for Initial APRN Certification

These proposed amendments include the "address of record" language update to match A.R.S. § 32-3226, adding CNM as a separate APRN category, and some technical edits that are non-substantive.

R4-19-506. Expiration of APRN Certificate; Practice Requirement; Renewal

Proposed amendments include adding CNM as a separate APRN category, and consistency in use of "APRN" acronym.

R4-19-507. Temporary Advanced Practice Certificate; Temporary Prescribing and Dispensing Authority

Proposed amendments include adding CNM as a separate APRN category, consistency in use of "APRN" acronym, and adding clinical nurse specialists (CNS) as eligible to obtain temporary prescribing and dispensing authority, according to A.R.S. § 32-1651, *inter alia*.

R4-19-508. Standards Related to ~~Registered Nurse Practitioner~~ RNP, CNM, and CNS Scope of Practice

Proposed amendments include adding CNM and CNS as APRN categories authorized to perform other functions as APRNs, including prescribing.

R4-19-511. Prescribing and Dispensing Authority; Prohibited Acts

Proposed amendments to this section, similar to sections 507 and 508, including adding CNM and CNS as separate categories; authorizing CNM and CNS to perform functions previously limited to RNPs; specifically adding CNS prescribing limitations referencing A.R.S. § 32-1651; and authorizing CRNAs to obtain prescribing-only certificates, consistent with A.R.S. § 32-1634.04, and other applicable laws.

R4-19-512. Prescribing Drugs and Devices

Proposed amendments add CNM and CNS to RNP as authorized APRNs eligible to be authorized to prescribe drugs and devices, with applicable limitations for CNS.

R4-19-513. Dispensing Drugs and Devices

Proposed amendments add CNM and CNS to RNP as authorized APRNs eligible to be authorized to dispense drugs and devices, with applicable limitations for CNS.

R4-19-514. Standards Related to Clinical Nurse Specialist Scope of Practice

Proposed technical amendment, and clarification of expanded eligibility of CNS to prescribe, order, administer and dispense therapeutic measures, according to A.R.S. § 32-1651, *inter alia*.

R4-19-604. Notice of Hearing; Response

The Board seeks to amend this section to align the references to address from the current "mailing address" to the new "address of record", which is defined in and consistent with A.R.S. § 32-3226.

R4-19-804. Initial Approval and Re-Approval of Training Programs

Proposed technical amendment to title; elimination of requirement to submit paper documents to ease regulatory burden on regulated parties.

R4-19-806. Initial Nursing Assistant Licensure (LNA) and Medication Assistant Certification

The Board seeks to amend this section to align the references to address from the current "mailing address" to the new "address of record", which is defined in and consistent with A.R.S. § 32-3226.

R4-19-809. Nursing Assistant Licensure and Medication Assistant Certificate Renewal

The Board seeks to amend this section to align the references to address from the current “mailing address” to the new “address of record”, which is defined in and consistent with A.R.S. § 32-3226.

R4-19-815. Reissuance or Subsequent Issuance of a Nursing Assistant License or Medication Assistant Certificate

Proposed technical amendment to add term “licensure” to current “certification”. “Certification” refers to medication assistants and “licensure” is applicable to licensed nursing assistants, consistent with licensed nursing assistant existing title.

7. A reference to any study relevant to the rules that the agency reviewed and proposes either to rely on or not to rely on in its evaluation of or justification for the rules, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

There are no studies that Board either relied on or did not rely on in its evaluation or justification for the rules.

8. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rules will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

9. A summary of the economic, small business, and consumer impact:

The Board does not anticipate a substantial economic impact from the majority of the amendments in this rulemaking. The Board regulates approximately 97,500 Registered Nurses (“RNs”), 9,533 Registered Nurse Practitioners, 10,713 Licensed Practical Nurses (“LPNs”), 9,218 Licensed Nursing Assistants (“LNAs”), 19,516 Certified Nursing Assistants (“CNAs”), 169 Clinical Nurse Specialists, 290 Certified Nurse Midwives, 1004 Certified Registered Nurse Anesthetists, and 23 Certified Medical Assistants (“CMAs”). The Board regulates approximately five LPN programs, 31 RN programs, 101 CNA programs, 2 CMA programs and 13 refresher programs.

The Board, regulated parties and the public are all expected to benefit from increased speed in processing applications, additional prescribing certificates and authority to the CNSs, and the clarity and reduced regulatory burden of this rulemaking.

The following amendments are not expected to have a substantial economic impact on the Board, regulated parties, or the general public.

- R4-19-101 was amended to provide a definition of “APRN” and is not expected to have any economic impact.
- R4-19-102 was amended to conform address terminology with new statutory language (A.R.S. § 32-3226) and is not expected to have any economic impact.
- R4-19-207 amendments may produce a minimal economic benefit for programs by decreasing costs associated with producing paper copies of documents for the Board.
- R4-19-208 amendments may produce a minimal economic benefit for programs by decreasing costs associated with producing paper copies of documents for the Board.
- R4-19-209 amendments may produce a minimal economic benefit for programs by decreasing costs associated with producing paper copies of documents for the Board.
- R4-19-210 amendments may produce a minimal economic benefit for programs by decreasing costs associated with producing paper copies of documents for the Board.
- R4-19-216 amendments may produce a minimal economic benefit for programs by decreasing costs associated with producing paper copies of documents for the Board.
- R4-19-301 was amended to conform address terminology with new statutory language (A.R.S. § 32-3226) and is not expected to have any economic impact.
- R4-19-304 is expected to have a positive economic impact by allowing applicants to begin to work sooner on a temporary license, which may also benefit Arizona employers including small businesses.
- R4-19-305 was amended to conform address terminology with new statutory language (A.R.S. § 32-3226) and is not expected to have any economic impact.
- R4-19-308 was amended to conform address terminology with new statutory language (A.R.S. § 32-3226), clarify that licensees and applicants still need to submit residential addresses, and is not expected to have any economic impact.
- R4-19-501 amendments include adding CNM as a separate APRN category, consistent with statute, and CNMs were already practicing as APRNs. This is a clarification but is not anticipated to have any economic impact.
- R4-19-502 – again, clarifying that CNM is a separate APRN category, and not expected to have any economic input.
- R4-19-503 – adding CNM as a separate APRN category, which is not expected to have any economic input. Proposed amendments would also permit the Executive Director to issue provisional approval pending application review by the Board, which is expected to have a minimal economic benefit by permitting programs to operate earlier in Arizona.
- R4-19-504 – title change only, which is not expected to create any economic impact.
- R4-19-505 – proposed changes to “address of record” language and technical edits that are not expected to create any economic impact.
- R4-19-506 – no economic impact anticipated with clarification of CNM as a separate APRN category and technical change regarding use of acronyms in the rules.

- R4-19-507 – again clarifying that CNM is a separate APRN category, and use of acronyms, that are not expected to have any economic impact. The proposed addition of CNS as being eligible to obtain temporary prescribing and dispensing authority is expected to create a modest economic benefit to the CNS certificate holders and their businesses or employers.
- R4-19-508 – same as above, section 507.
- R4-19-511 – same as above, section 507 and 508, and adding clarifications related to CRNA prescribing. This is expected to have a positive economic impact for the APRN categories that will now be eligible and/or have clarity with their prescribing authority.
- R4-19-512 and 513 – these proposed amendments are anticipated to have a positive economic impact, as described above, in section 507.
- R4-19-514 – anticipated positive economic benefit, as described above, in section 507. Technical amendment not anticipated to cause any economic impact.
- R4-19-604 – proposed change of wording related to “address of record” not anticipated to create any economic impact.
- R4-19-804 – amendments may produce a minimal economic benefit for applicants by decreasing costs associated with producing paper copies of documents for the Board.
- R4-19-806 – proposed change of wording related to “address of record” not anticipated to create any economic impact.
- R4-19-809 – proposed change of wording related to “address of record” not anticipated to create any economic impact.
- R4-19-815 – the proposed technical amendment is not anticipated to create any economic impact.

10. A description of any changes between the proposed rulemaking, to include supplemental notices, and the final rulemaking:

A technical correction was made to R4-19-508 to add references to the CNM and CNS to all times the RNP is mentioned, rather than just the first time. This was the original intent of the amendment in the proposed rulemaking, and is simply a logical, technical correction.

GOVERNOR EXECUTIVE ORDER

Executive Order 2020-02 is being reproduced in each issue of the *Administrative Register* as a notice to the public regarding state agencies' rulemaking activities.

This order has been reproduced in its entirety as submitted.

EXECUTIVE ORDER 2020-02**Moratorium on Rulemaking to Promote Job Creation and Economic Development; Implementation of Licensing Reform Policies**

[M20-01]

WHEREAS, government regulations should be as limited as possible; and

WHEREAS, burdensome regulations inhibit job growth and economic development; and

WHEREAS, protecting the public health, peace and safety of the residents of Arizona is a top priority of state government; and

WHEREAS, in 2015, the State of Arizona implemented a moratorium on all new regulatory rulemaking by State agencies through executive order, and renewed the moratorium in 2016, 2017, 2018 and 2019; and

WHEREAS, the State of Arizona eliminated or improved 637 burdensome regulations in 2019 and a total of 2,289 needless regulations have been eliminated or improved since 2015; and

WHEREAS, estimates show these eliminations saved job creators \$53.9 million in operating costs in 2019 and a total of over \$134.3 million in savings since 2015; and

WHEREAS, in 2019, for every one new necessary rule added to the Administrative Code, five have been repealed or improved; and

WHEREAS, approximately 354,000 private sector jobs have been added to Arizona since January 2015; and

WHEREAS, all government agencies of the State of Arizona should continue to promote customer-service-oriented principles for the people that it serves; and

WHEREAS, each State agency shall continue to conduct a critical and comprehensive review of its administrative rules and take action to reduce the regulatory burden, administrative delay and legal uncertainty associated with government regulation while protecting the health and safety of residents; and

WHEREAS, each State agency should continue to evaluate its administrative rules using any available and reliable data and performance metrics; and

WHEREAS, Article 5, Section 4 of the Arizona Constitution and Title 41, Chapter 1, Article 1 of the Arizona Revised Statutes vests the executive power of the State of Arizona in the Governor.

NOW, THEREFORE, I, Douglas A. Ducey, by virtue of the authority vested in me by the Constitution and laws of the State of Arizona hereby declare the following:

1. A State agency subject to this Order shall not conduct any rulemaking, whether informal or formal, without the prior written approval of the Office of the Governor. In seeking approval, a State agency shall address one or more of the following as justifications for the rulemaking:
 - a. To fulfill an objective related to job creation, economic development or economic expansion in this State.
 - b. To reduce or ameliorate a regulatory burden while achieving the same regulatory objective.
 - c. To prevent a significant threat to the public health, peace or safety.
 - d. To avoid violating a court order or federal law that would result in sanctions by a federal court for failure to conduct the rulemaking action.
 - e. To comply with a federal statutory or regulatory requirement if such compliance is related to a condition for the receipt of federal funds or participation in any federal program.
 - f. To comply with a state statutory requirement.
 - g. To fulfill an obligation related to fees or any other action necessary to implement the State budget that is certified by the Governor's Office of Strategic Planning and Budgeting.
 - h. To promulgate a rule or other item that is exempt from Title 41, Chapter 6, Arizona Revised Statutes, pursuant to section 41-1005, Arizona Revised Statutes.
 - i. To address matters pertaining to the control, mitigation or eradication of waste, fraud or abuse within an agency or wasteful, fraudulent or abusive activities perpetrated against an agency.
 - j. To eliminate rules which are antiquated, redundant or otherwise no longer necessary for the operation of state government.
2. A State agency that submits a rulemaking request pursuant to this Order shall recommend for consideration by the Office of the Governor at least **three** existing rules to eliminate for every **one** additional rule requested by the agency.

3. A State agency that submits a rulemaking exemption request pursuant to this Order shall include with their request an analysis of how small businesses may be impacted by any newly proposed rules or rule modifications.
4. A State agency subject to this Order shall not publicize any directives, policy statements, documents or forms on its website unless such are explicitly authorized by the Arizona Revised Statutes or Arizona Administrative Code. Any material that is not specifically authorized must be removed immediately.
5. A State agency that issues occupational or professional licenses shall prominently post on the agency's website landing page all current state policies that ease licensing burdens and the exact steps applicants must complete to receive their license using these policies. State agencies should provide information that applies to all applicants, but have a designated area on such landing page that includes licensing information specifically for military spouses, active duty service members and veterans and all policies that make it easier for these applicant groups to receive their license. Examples of reduced licensing burdens include universal recognition of out-of-state licenses, availability of temporary licenses, fee waivers, exam exemptions and/or allowing an applicant to substitute military education or experience for licensing requirements. A landing page feature may link to an internal agency web page with more information, if necessary. All information must be easy to locate and written in clear and concise language.
6. All state agencies that are required to issue occupational or professional licenses by universal recognition (established by section 32-4302, Arizona Revised Statutes) must track all applications received for this license type. Before any agency denies a professional or occupational license applied for under section 32-4302, Arizona Revised Statutes, the agency shall submit the application and justification for denial to the Office of the Governor for review before any official action is taken by the agency. The Office of the Governor should be notified of any required timeframes, whether in statute or rule, for approval or denial of the license by the agency.
7. For the purposes of this Order, the term "State agencies" includes, without limitation, all executive departments, agencies, offices, and all state boards and commissions, except for: (a) any State agency that is headed by a single elected State official; (b) the Corporation Commission; and (c) any board or commission established by ballot measure during or after the November 1998 general election. Those state agencies, boards and commissions excluded from this Order are strongly encouraged to voluntarily comply with this Order in the context of their own rulemaking processes.
8. This Order does not confer any legal rights upon any persons and shall not be used as a basis for legal challenges to rules, approvals, permits, licenses or other actions or to any inaction of a State agency. For the purposes of this Order, "person," "rule" and "rulemaking" have the same meanings prescribed in section 41-1001, Arizona Revised Statutes.

IN WITNESS THEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Arizona.

Douglas A. Ducey
GOVERNOR

DONE at the Capitol in Phoenix on this 13th day of January in the Year Two Thousand and Twenty and of the Independence of the United States of America the Year Two Hundred and Forty-Fourth.
